7:30 am Registration and Continental Breakfast
8:00 am to 9:30 am Plant Tour

Location: **Palette Stone Corp**
373 Washington St, Saratoga Springs, NY
(The Quarry is on Route 29 West of Route 50 and Saratoga Springs)

Topic/Speaker: **Plant Tour of Palette Stone Corp Operations**
Andrew Timmis, Palette Stone Corp

This program will tour the Palette Stone Corp operations as stone is mined, processed and turned into finished products. The tour will begin in the quarry where you will see the excavation and crushing equipment used in mining the stone. In the asphalt and concrete plants you will see the operations that mix the stone with emulsions and cements to produce the various grades of asphalt and concrete. Next the tour will proceed through the DOT QC/QA Lab Facilities to see how the materials are tested. The tour will conclude in the precast plant where various precast concrete elements are produced.

This program has been accredited for 1.0 Professional Development Hour by the Practicing Institute of Engineering, Inc
