7:45 pm Program

Location: **Century House**
997 New Loudon Road (Route 9), Latham, NY

Topic/Speaker: **Sheet Pile Products and Applications**
Liz Bermek, PE, Skyline Steel

Ms. Bermek will present an overview of sheet piling products and applications including: sheet piling types (Z-Sections, Straight Web Sections, synthetic sheet piling, H-piles, pipes, micro piles), pile accessories (Combi-walls, anchors, struts, walers and other structural sections). Applications in marine, structural, environmental and geotechnical disciplines will be discussed. Conventional Bridge design will be compared to steel sheet piling bridge design. Four common installation methods and equipment will be reviewed for geotechnical aspects, and installation considerations.
