Topic/Speaker: **Partial Failure of I-787 Ramp at Dunn Memorial Bridge Interchange**
Rich Marchione, NYS Department of Transportation
Mike Booth, Harrison & Burrowes Bridge Constructors

As a result of a partial collapse of the I-787 Ramp Northbound to the South Mall Expressway Westbound on July 27, 2005, the NYSDOT Structures Division conducted an investigation into the cause of the failure and designed a retrofit repair to reconstruct the damaged portion of the structure. This presentation summarizes the stabilization effort, the forensic investigation, the pier redesign and the reconstruction of the partially collapsed ramp from both an owner's and contractor's perspective.
