TECHNICAL SEMINAR:

CURRENT PRACTICES IN BRIDGE RIGGING

SPEAKER: **Steve Dewey**
All-Lifts, Inc.

PROGRAM:

Mr. Dewey from All-Lifts, Inc. will discuss the current practices of the rigging industry. Highlights will include the recent Code changes and mandates, rigging principals, effects of shock loadings, and application of rigging hardware as well their inspection. Whether you're the Supplier selling the hardware, the Contractor rigging the load, the Engineer-in-Charge inspecting the work, or the Owner buying what's being rigged, we all encounter rigging everyday. Strap yourself in and hang on tight for this captivating seminar on rigging.

SCHEDULE:

12:30 – 1:00 Rigging today
1:00 – 1:45 Rigging Principles
1:45 – 2:30 Loads and the rigging triangle
2:30 – 2:45 Refreshment Break
2:45 – 3:45 Hardware applications and inspections
3:45 – 4:30 Sling applications and inspections

This Program has been accredited for 4.0 PDH Credits by Ryan-Biggs Associates, P.C
